University of California Irvine, Irvine, CA

June 2020

Bachelor of Arts, Sociology, Minor in Management,

- Demonstrated leadership as defensive captain for a top 10 Division 1 Men's Volleyball program, communicating, adapting to high-pressure situations, and balancing academic and athletic commitments.

EXPERIENCE

TWO PERCENT, Irvine, CA

February 2026 - Present

Co-Founder | Early Stage Startup

- Developed and refined core value proposition and positioning for a B2B SaaS platform, framing the shift to AI-augmented performance and clarifying value beyond traditional productivity and learning tools
- Designed and launched foundational marketing assets (landing page, investor-style brochure, messaging framework) to articulate product value, test positioning hypotheses, and generate early user interest

SUPERIOR COMMUNICATIONS, Baldwin Park, CA

November 2023 - August 2025

Network Analyst

- Drove the repositioning of the company's security infrastructure as part of a broader modernization initiative, helping leadership communicate value, efficiency gains, and cost savings to internal stakeholders; contributed to a 10% cost reduction across 200+ endpoints.
- Led a company-wide behavior-change and awareness campaign focused on cybersecurity adoption, using employee behavior data to inform messaging, training cadence, and channel selection; improved threat detection and response engagement by 12%.
- Designed executive-ready dashboards and presentations that translated complex technical performance metrics into clear, decision-oriented insights, supporting leadership updates and audit reviews tied to \$1M+ in annual insurance coverage.

EUREKA BEARINGS, Huntington Beach, CA

March 2023 - June 2023

Contract Software Engineer

- Partnered directly with the business owner to translate growth objectives into a cohesive digital brand and customer experience strategy, leading a website redesign that aligned user journeys, messaging hierarchy, visuals, and navigation with core brand positioning to improve customer clarity and support long-term scalability.

CBRE, El Segundo, CA

July 2021 - March 2022

Field Research Analyst

- Developed market segmentation frameworks for commercial lease transactions (\$5M-\$100M+), analyzing tenant profiles, demand drivers, and competitive positioning to inform pursuit strategy, customer targeting, and value proposition development across competitive submarkets.
- Collaborated cross-functionally with brokerage, research, and marketing teams to translate market analytics into client-facing narratives, including pitch decks, one-pagers, and quarterly outlooks used to support go-to-market and business development efforts.
- Synthesized proprietary and third-party market data (CoStar, LoopNet) into insight-driven materials highlighting rent trends, vacancy shifts, and demand signals to support positioning, messaging, and customer conversations for 15+ broker teams.
